Child Safe Policy

Introduction

South Coast Baptist College's Child Safe Policy implements and is to be read, and understood, in conjunction with the [National Principles for Child Safe Organisations](#) published by the Australian Human Rights Commission and the National Catholic Safeguarding Standards. This Child Safe Policy, which includes our Statement of Commitment to Child Safety and Wellbeing, has been approved and endorsed by the College Board on April 3rd, 2025. This Child Safe Policy is published on our College's public website and provided to new Staff and to Direct Contact Volunteers at induction. It is also communicated through other mediums, such as the Website for the Public, and Policy Connect for all staff.

Purpose

Our Child Safe Policy, which includes our Statement of Commitment to Child Safety and Wellbeing, was written to demonstrate the strong commitment of the College to child safety and to provide an outline of the policies and practices that we have developed to keep our students safe, including from abuse or other harm. It is an overarching policy that provides the key elements of our approach to the College as a child-safe organisation and sets the tone for the College's entire Child Safe Program.

The Child Safe Policy provides the framework for:

- the implementation of the National Principles for Child Safe Organisations and the National Catholic Safeguarding Standards.
- the development of work systems, practices, policies, and procedures that promote child protection, safety, and wellbeing within the College
- the creation of a safe and supportive College environment and a positive and robust child safe culture
- the promotion and open discussion of child safety issues within the College
- compliance with all laws, regulations and standards relevant to child protection and child safety in WA.

Scope

The College's Child Safe Policy applies to all adults in the College community, including Staff, Volunteers, Contractors, External Education Providers, parents/carers, and other family members. This Policy applies in all College environments, both physical and online, and on-site and off-site College grounds (e.g. camps and excursions).

Child Safe Principles and Standards

In addition to implementing the National Principles for Child Safe Organisations, the College's commitment to child safety is based on the National Catholic Safeguarding Standards, which sets out the following overarching standards that guide the development and regular review of our work systems, practices, policies and procedures to protect students from abuse and other harm. These standards directly align with the National Principles for Child Safe Organisations.

National Principles for Child Safe Organisations

The National Principles for Child Safe Organisations (National Principles) were developed by the Australian Human Rights Commission in response to recommendations of the Royal Commission into Institutional Responses to Child Sexual Abuse. The National Principles are comprised of 10 Principles that were informed by, but go further than, the 10 Child Safe Standards recommended by the Royal Commission. They are:

The National Catholic Safeguarding Standards
